

Eco Curb (EC)

Gutter Bin® Stormwater Filtration System

100% TRASH CAPTURE

The patent pending Eco Curb Gutter Bin model provides unparalleled protection for curb inlet catch basins and accepts the full line of Mundus Bag™ filtration media.

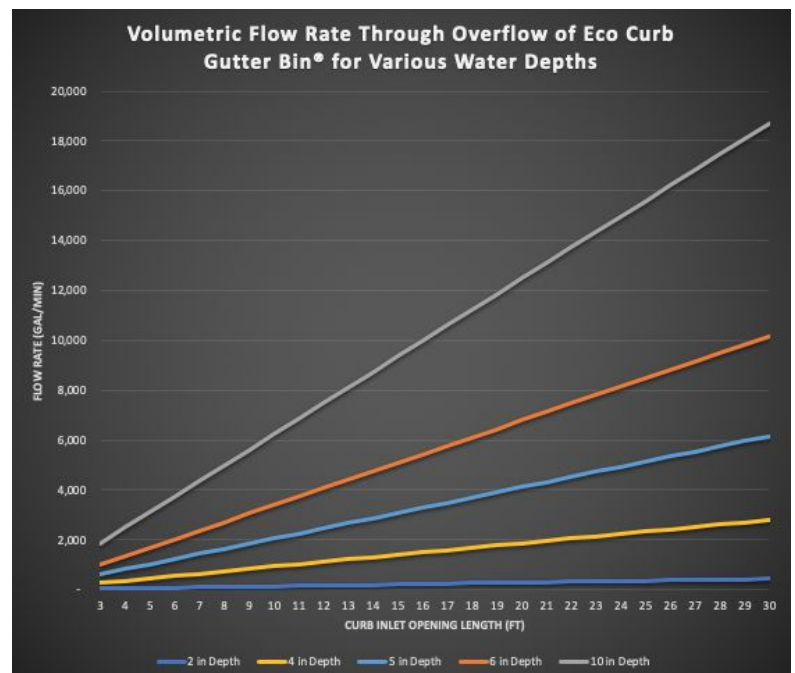

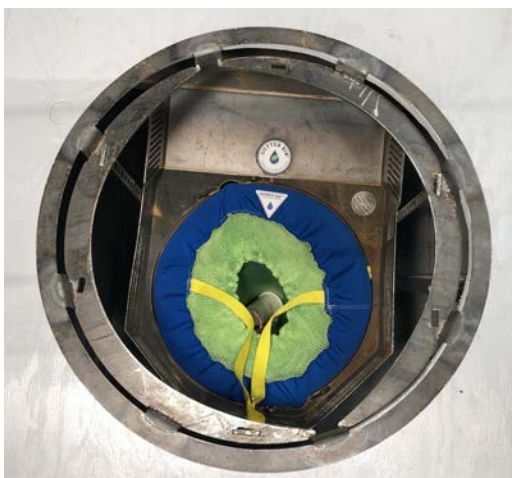

Product Highlights

- Flexible design fits almost any curb inlet basin (Type R)
- Weathering steel (A588), stainless steel (SS304) and/or plastic construction to meet local & federal regulations
- Massive overflow meets or exceeds maximum hydraulic capacity of the catch basin
- Removable frame for man access or TV camera access
- Optional sampling port - can be used for vector control
- Variable depth for deep or shallow catch basins
- Compatible with 14 and 16 inch Mundus Bags™
- Can be used in conjunction with automatic retractable screens (ARS) and connector pipe screens (CPS)
- Can be used as a pre-treatment solution for subterranean infiltration systems and inline systems
- 7 year limited warranty

Installation and Servicing

- Installs in 30 minutes - confined space entry may be required
- Requires minimal drilling only
- Can be installed by a two person team
- Servicing performed in 2 minutes or less
