

Original Gutter Bin (OGB)

Gutter Bin® Stormwater Filtration System

100% TRASH CAPTURE

The patent pending Original Gutter Bin model provides unparalleled protection and accepts the full line of Mundus Bag™ filtration media.

Original Gutter Bin

Product Highlights

- Flexible design replaces existing storm grate in a drop inlet or combo inlet with bent or flat frame (Type 13 & 16)
- Hinged lockable access hatch for quick service
- Largest adjustable overflow on the market; meets or exceeds hydraulic capacity of the catch basin
- Weathering steel (A588) and/or stainless steel (SS304) construction
- HS-20 load rated - replaces existing storm grate
- Easily removed for maintenance, relocation, or TV camera access
- Optional sampling port - can be used for vector control
- Variable depth for deep or shallow catch basins
- Compatible with 9, 12 and 14 inch Mundus Bag™
- Rectangular and round models
- 7 year limited warranty

Installation and Servicing

- 5 minute install - **no** confined space entry, catch basin retrofit, or drilling required
- Servicing performed in 2 minutes or less
- Service interval depends upon climate, pollutant load, & infrastructure constraints
- No special equipment required
